

INTUITIVE BALANCE

PICO AZORES

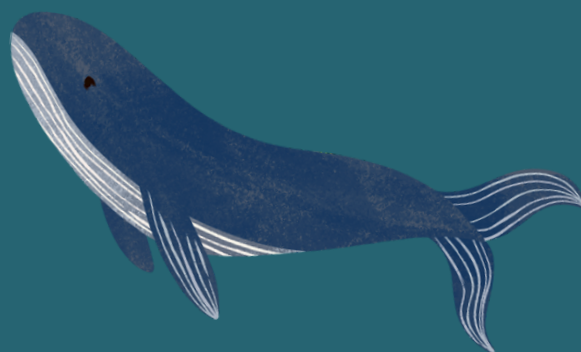

IntuitiveBalance

Pico – Azores

09.07. – 16.07.2024

7 nights – 8 days

IntuitiveBalance means a feeling of intuitive flow. We come together in our Soutribe and share our individual gifts with each other. Co-creation and heart connection. Dolphin-like joy and playful being. Held by the breathtaking volcanic landscape of the Azores and the energy of the ocean with all its magical inhabitants.

Let's start this journey together

Together we bundle our energies for anchoring joy & love & playful lightness in life to activate, raise & exploit potentials and balance frequencies in the company of whales and dolphins - giving and receiving at eye level with all that is. Soultribe - practicing & allowing to see with the heart and contributing to healing in us, around us, in the world and all dimensions through pure being together and individually.

enlightenment - pleasure - development

Happiness is only one decision away.
